

7th USENIX Conference on File and Storage Technologies (FAST '09)

USENIX, the Advanced Computing Systems Association, in cooperation with ACM SIGOPS, IEEE Mass Storage Systems Technical Committee (MSSTC), and IEEE TCOS

<http://www.usenix.org/fast09>

February 24–27, 2009

San Francisco, CA, USA

Important Dates

Paper submissions deadline extended to *September 14, 2008, 9:00 p.m. EDT (firm deadline)*

Notification of acceptance: *November 5, 2008*

Final papers due: *January 13, 2009*

Work-in-Progress Reports/Poster Session proposals due: *January 30, 2009*

Conference Organizers

Program Co-Chairs

Margo Seltzer, *Harvard University*

Ric Wheeler, *Red Hat*

Program Committee

Sameer Ajmani, *Google*

Remzi Arpaci-Dusseau, *University of Wisconsin, Madison*

David L. Black, *EMC*

Bill Bolosky, *Microsoft Research, Redmond*

James Bottomley, *Hansen Partnership*

David DeWitt, *Microsoft, Madison*

Daniel Ellard, *BBN Technologies*

Greg Ganger, *Carnegie Mellon University*

Valerie Henson, *Red Hat*

Ethan Miller, *University of California, Santa Cruz*

Alina Oprea, *RSA Security/EMC*

James S. Plank, *University of Tennessee*

Calton Pu, *Georgia Institute of Technology*

Raju Rangaswami, *Florida International University*

Narasimha Reddy, *Texas A&M University*

Ohad Rodeh, *IBM Research, Haifa*

Ken Salem, *University of Waterloo*

Jiri Schindler, *NetApp*

Bianca Schroeder, *University of Toronto*

Liuba Shrira, *Brandeis University*

Niraj Tolia, *HP Labs*

Hakim Weatherspoon, *Cornell University*

Steering Committee

Andrea C. Arpaci-Dusseau, *University of Wisconsin, Madison*

Remzi H. Arpaci-Dusseau, *University of Wisconsin, Madison*

Mary Baker, *HP Labs*

Jeff Chase, *Duke University*

Greg Ganger, *Carnegie Mellon University*

Garth Gibson, *Carnegie Mellon University and Panasas*

Peter Honeyman, *CITI, University of Michigan, Ann Arbor*

Merritt Jones, *MITRE Corporation*

Darrell Long, *University of California, Santa Cruz*

Jai Menon, *IBM Research*

Erik Riedel, *Seagate*

Margo Seltzer, *Harvard University*

Chandu Thekkath, *Microsoft Research*

John Wilkes, *Google*

Ellie Young, *USENIX Association*

Overview

The 7th USENIX Conference on File and Storage Technologies (FAST '09) brings together storage system researchers and practitioners to explore new directions in the design, implementation, evaluation, and deployment of storage systems. The conference will consist of two and a half days of technical presentations, including refereed papers, Work-in-Progress reports, and a poster session.

Topics

Topics of interest include but are not limited to:

- Archival storage systems
- Caching, replication, and consistency
- Database storage issues
- Designs with emerging storage devices
- Distributed I/O (wide-area, grid, peer-to-peer)
- Empirical evaluation of storage systems

- Experience with deployed systems
- Innovative file or data storage system design
- Manageability
- Mobile and personal storage
- Parallel I/O
- Reliability, availability, disaster tolerance
- Scalability
- Security
- Storage as a service
- Storage networking
- Virtualization

Deadline and Submission Instructions

Submissions will be made electronically via a Web form, which will be available on the FAST '09 Call for Papers Web site, <http://www.usenix.org/fast09/cfp>. The Web form asks for contact information for the paper and allows for the submission of your full paper file in PDF format.

Submissions must be full papers (no extended abstracts) and must be no longer than twelve (12) pages, excluding references. Your paper should be typeset in two-column format in 10 point type on 12 point (single-spaced) leading, with the text block being no more than 6.5" wide by 9" deep. Submissions longer than this will not be reviewed.

All submissions must be readable in black and white, so please take care not to produce graphs or charts in color.

Authors must not be identified in the submissions, either explicitly or by implication (e.g., through the references or acknowledgments). Blind reviewing of full papers will be done by the program committee, assisted by outside referees. Accepted papers will be shepherded through an editorial review process by a member of the program committee.

Simultaneous submission of the same work to multiple venues, submission of previously published work, or plagiarism constitutes dishonesty or fraud. USENIX, like other scientific and technical conferences and journals, prohibits these practices and may, on the recommendation of a program chair, take action against authors who have committed them. In some cases, program committees may share information about submitted papers with other conference chairs and journal editors to ensure the integrity of papers under consideration. If a violation of these principles is found, sanctions may include, but are not limited to, barring the authors from submitting to or participating in USENIX

conferences for a set period, contacting the authors' institutions, and publicizing the details of the case.

Authors uncertain whether their submission meets USENIX's guidelines should contact the program co-chairs, fast09chairs@usenix.org, or the USENIX office, submissionspolicy@usenix.org.

Papers accompanied by nondisclosure agreement forms will not be considered. Accepted submissions will be treated as confidential prior to publication on the USENIX Web site; rejected submissions will be permanently treated as confidential.

All papers will be available online to registered attendees prior to the conference and will be available online to everyone starting on February 25, 2009. If your accepted paper should not be published prior to the event, please notify production@usenix.org.

One author per paper will receive a registration discount of \$200. USENIX will offer a complimentary registration upon request.

Best Paper Awards

Awards will be given for the best paper(s) at the conference.

Work-in-Progress Reports and Poster Session

The FAST technical sessions will include slots for Work-in-Progress reports, preliminary results, "outrageous" opinion statements, and a poster session. We are particularly interested in presentations of student work. Please send WiP submissions to fast09wips@usenix.org.

Birds-of-a-Feather Sessions

Birds-of-a-Feather sessions (BoFs) are informal gatherings organized by attendees interested in a particular topic. BoFs will be held in the evening. BoFs may be scheduled in advance by emailing the Conference Department at bofs@usenix.org. BoFs may also be scheduled at the conference.

Registration Materials

Complete program and registration information will be available in November 2008 on the conference Web site. If you would like to receive the latest USENIX conference information, please join our mailing list: <http://www.usenix.org/about/mailing.html>.
