## THE USENIX ASSOCIATION

Since 1975, the USENIX Association has brought together the community of system administrators, developers, programmers, and engineers working on the cutting edge of the computing world. USENIX conferences have become the essential meeting grounds for the presentation and discussion of the most advanced information on new developments in all aspects of advanced computing systems. USENIX and its members are dedicated to:

- problem-solving with a practical bias
- fostering technical excellence and innovation
- encouraging computing outreach in the community at large
- providing a neutral forum for the discussion of critical issues

For more information about membership and its benefits, conferences, or publications, see <http://www.usenix.org>.

## SAGE, a USENIX Special Interest Group

SAGE is a Special Interest Group of the USENIX Association. Its goal is to serve the system administration community by:

- Establishing standards of professional excellence and recognizing those who attain them
- Promoting activities that advance the state of the art or the community
- Providing tools, information, and services to assist system administrators and their organizations
- Offering conferences and training to enhance the technical and managerial capabilities of members of the profession

Find out more about SAGE at <http://www.sage.org>.
