Nolan moved to cancel the in-person SREcon21 EMEA and hold it as a virtual event: SREcon 2021. Allman seconded the motion. All voted in favor; none opposed. Motion carried.

5. 2022 Board of Directors Election Planning

Krishnamurthy called for discussion of Board election planning now that the Directors have had time to investigate further. Enck reported on conversations he had with members of the USENIX Security community. None of them had significant concerns about employing the Helios voting system for the purposes of a USENIX Board election. Discussion ensued, during which agreement was reached that USENIX’s messaging on this issue was important. Krishnamurthy suggested that a committee to collaborate on this effort and its messaging be formed as a next step.

Andersen moved that USENIX adopt an electronic voting approach for upcoming and future Board of Directors elections. Allman seconded the motion. All voted in favor; none opposed. Motion carried.

Allman, Enck, and Opsahl volunteered to be on the committee to pursue e-voting for USENIX Board of Directors elections.

Executive Session was called at 9:46 am PST/12:46 pm EST.

6. Executive Session

Andersen moved to adjourn the Executive Session and the Board meeting. Allman seconded the motion. All voted in favor; none opposed. Motion carried.
