

Proceedings of the 20th USENIX Symposium on Networked Systems Design and Implementation (NSDI '23)

Errata Slip #1

In the paper “SlimWiFi: Ultra-Low-Power IoT Radio Architecture Enabled by Asymmetric Communication” by Renjie Zhao, *University of California San Diego*; Kejia Wang, *Baylor University*; Kai Zheng and Xinyu Zhang, *University of California San Diego*; Vincent Leung, *Baylor University* (Tuesday session, “IoT Networks,” pp. 1201–1219 of the Proceedings), the authors have provided the following correction:

Figure 10 on page 1207 is the same as Figure 9 on page 1206. The correct Figure 10 is below.
