APPENDICES

   A. USENIX Membership Dues

   B. Tutorial Speaker Honoraria

   C. USENIX Conference Registration Fees

   D. USENIX Vendor Display/Exhibits

   E. USENIX Committees & Board Liaisons
BOARD OF DIRECTORS

1.1. Annual Meeting
The Annual Meeting will be held once a year, no earlier than April 1. The date and location of the Annual Meeting will be announced in the February issue of USENIX, and posted on the Association’s Web site.

1.2. Delegation to Staff
In connection with their oversight of the day-to-day business of the Association, the Board hires an Executive Director, to whom they delegate their day-to-day responsibilities.

1.3. Expenses Paid by USENIX
All reasonable and proper expenses of Board members for attendance at all Board meetings will be paid by USENIX.

All reasonable and proper expenses of Board members for attending USENIX-sponsored events in North America that are not covered by the conference will be paid by the Association.

1.4. Committees
The Board authorizes the President to strike committees.

1.5. Past President
The ex-President shall become an ex-officio, non-voting member of the Board of Directors, for a period of one year, unless re-elected as a Board member.

1.6. Consent Agenda
Typical consent agenda items will be informational in nature, although this is not required.

The consent agenda is addressed at the beginning of the meeting, in particular, before considering changes to the main agenda. No discussion of any kind is allowed. However, if anyone wants to discuss any item, that item is removed from the consent agenda without challenge. Discussion of the removed item may either be added to the agenda for the current meeting, or postponed to a later meeting.

No expenditures may be authorized or approved by consent items. It is expected that consent items may—and will—report on budget matters, in which case they should be marked as such, so as to facilitate monitoring of the budget. It is suggested that budget-related items reference the Board action that approved the expenditure in question.

1.7. Minutes
Minutes of all regular meetings of the Board shall be taken by the Executive Director, Secretary, or designee. Said minutes will be kept on file at the USENIX Office. Summaries of the minutes will be published on the Association’s Web site as soon as practical after each meeting.

Minutes of executive sessions are to be kept confidential, and delivered to the Association’s attorney for safekeeping.

1.8. Notice of Meetings/Waiver of Notice
Notice of the place, date, and time of each special meeting shall be given each director by whom it is not waived by letter or by authenticated electronic means not less than 48 hours before the meeting. Unless otherwise indicated in the notice thereof, any and all business may be transacted at a special meeting. Waiver of notice of special meetings shall be by letter or by authenticated electronic means addressed to the President.

1.9. Nominations
When selecting a chair for the nominating committee, as set forth herein and in the Bylaws, the Board should choose a Member who intends not to run for the Board in the election for which they will be presenting nominations. Said Chair should be advised that the Board requests that all members of the nominating committee also intend not to run. Nominations from the Nominating Committee shall be
announced by publishing the Committee’s report in the Association’s newsletter, including the names of all Committee members. All valid nominations shall appear as candidates on the election ballot.

1.10. Elections
Within four weeks following the close of nominations the Secretary shall cause to be compiled and mailed to all voting members a ballot that includes a brief statement by each candidate. All voting, including on the election of Directors but excepting where otherwise required by law, shall be either by written or electronic ballot received by the Association as it shall specify in its published announcements of voting events.

The Secretary shall designate a date for the ballot to be distributed to its members. If distributed by mail, each ballot must bear a due date not less than four nor more than six weeks after the date of entry of the ballot into the mail and shall be distributed by first class mail for domestic members and by airmail for international members. If by electronic means, this policies document will set forth the procedures for distribution. The ballots will be counted within two weeks following the due date. No ballots received after the due date will be counted, regardless of postmark.

If the ballot is distributed by electronic means, this information must include a due date that is at least thirty days from the time of distribution. Ballots will be tabulated within two weeks following the due date. No votes received after the due date will be counted.

All elections shall be determined by a plurality of the votes cast, and except as otherwise required by law, all other matters shall be determined by a majority of the votes cast. In the event of a dispute over the outcome of a vote of the members, the Executive Director shall select an independent third party to audit the ballots, and the result of that audit shall be published.

Ties with respect to the votes cast for candidates for any Office and the Directorship that affect the outcome of the election shall result in run-off elections, the results of which shall be determined by a majority of the votes cast for each such position. The Secretary shall designate a date for ballots to be distributed to members for such run-off election; which date shall be no later than three weeks following the date on which the results of the prior election has been announced to the membership. All other procedures with respect to run-off elections shall be as described herein for other elections.

The newly elected Directors shall be informed of the results and of the date that their term begins, within one week of the results of the election being known. The results of the vote will be announced to the members immediately thereafter.

1.11. Board Election Procedures

1.11.1 General Procedures
The ballot for the election of Board of Directors shall be provided via mail or on the USENIX Web site. If the ballot is distributed by electronic means, members shall obtain access to the ballot via their USENIX Web accounts, which are available free of charge to all USENIX voting members. Each voting member may vote once on each ballot, after which the ballot shall become inaccessible. When accessing the ballot, members will be presented both with a ballot and with an explanatory Web site containing candidate statements.

1.11.2. The Ballots
If paper, two versions shall be produced. The two shall be distinguished by paper color and shall vary otherwise only in the order in which candidates are presented.

The ballot shall be divided into two sections. The first section shall list the officer candidates, arranged in the following order: President, Vice President, Secretary, Treasurer. If more than one candidate runs for an office, the candidate names shall appear in alphabetical order. Beside each candidate’s name one voting box shall appear.

The explanatory text for this part is:
“For each officer position, mark at most one candidate. If more than one box is marked for a position, the ballot will be considered null and void. For each position, the candidate with the most votes is elected [see bylaws 3.4.5].”

The second part of the ballot shall contain the candidates for Directors at Large. The candidate order shall be varied in the two versions of the ballot. Beside each candidate’s name one voting box shall appear.

The explanatory text for this part is:

“Mark at most 4 candidates. If more than 4 boxes are marked for Director at Large, the ballot shall be considered null and void. The 4 candidates with the most votes are elected [see bylaws 3.4.6].”

1.11.3. Candidates’ Statements
Candidates shall each provide a candidate statement by an announced due date that is at least two weeks in advance of the opening of the election. A candidate statement Web site shall be made available to members from one week after the announced due date to the due date for the ballot, and shall contain each candidate statement. The statement length may be limited by space constraints, at staff discretion, but candidates must approve their final statement before publication. If an approved statement has not been received by the announced date, no statement will appear for that candidate. A photo of the candidate may optionally be provided. The candidate may, if he or she wishes, also provide a URL and/or email address to be included in the candidate’s statement. The sections will be presented in this order: President, Vice President, Secretary, Treasurer, Directors at Large. If there are multiple candidates for a position, they shall be presented in alphabetical order within the relevant section.

1.11.4. Soliciting Votes from Members
Votes shall be solicited via electronic mail to all voting members at least two weeks before the ballots open for voting. This mail shall announce the due date for the ballot, give details of how to access candidate statements, and details on how to vote. An additional electronic mail message shall be sent to members when the ballot is open for voting, and a third electronic mail message shall be sent when the ballot is closed for voting.

2. MEMBERSHIP

2.1. Classes of Membership
The Association offers the following classes of membership:

2.1.1. Voting Members
• Individual Member. Any person who, or organization which, has a bona fide interest in the purposes of the Association, is eligible to become an Individual Member.
• Institutional Member (Corporate and Educational). Any person who, or organization that, has a bona fide interest in the purposes of the Association is eligible to become an Institutional Member. Only a single designated representative of an institution is eligible to receive member benefits.
• Honorary Member. The Board at its sole discretion can appoint any person who or organization which has a bona fide interest in the purposes of the Association as honorary members. Such members will not be required to pay dues.
• Affiliate Member liaison. The designated representative of an Affiliate Group shall be considered an Individual Member.
• Retired Member. Any person who is retired and not gainfully employed is eligible to become a Retired Member.
• Special Circumstances Member. Any person who has experienced financial hardship due to unemployment, disability, or hardship resulting in severely diminished funds for membership, and submits a statement attesting to his/her circumstances.

2.1.2. Non-Voting Members
• Student Member. Any full time student at an accredited institution is eligible to become a student member.
• Individual complimentary members
• Affiliate Group members. Any member of an approved group is eligible to become an affiliate member. An approved group must have a minimum of 100 affiliate members who will share a common expiration date. A single payment shall be made for the entire group annually.
• The Board may establish additional classes of non-voting members as it sees fit.

2.1.3. Membership Application
All classes of members shall submit name, postal address, and email address. USENIX provides options for members to block third-party mail from either/both addresses.

2.2. Benefits of Membership
The benefits of USENIX membership are
• An online or print subscription to ;login:
• Access to USENIX Jobs Board
• The right to vote on matters affecting the Association and for its Directors.
• Discounts on USENIX technical conference registration fees
• Discounts on purchases of industry-related publications

Educational and Corporate members may request additional copies of ;login:. Corporate members receive the membership discount on technical sessions at our conferences for up to five (5) attendees.

LISA SIG members will receive discounted registration at the LISA Conference; one free Short Topics booklet per year and a discount on booklets purchased, as well as access to a members’ email list, the systems administration Jobs Board, and the members-only section of the LISA SIG Web site.

In view of Mel Ferentz, Lou Katz, and Debbie Scherrer’s contributions to the USENIX Association and its predecessors, they are granted lifetime Honorary Memberships in the Association. Winners of the USENIX Lifetime Achievement Award (“The Flame”) are also granted Honorary Memberships.

2.3. Membership Dues, Per Year
Please see Appendix A.

2.4. Loss of Membership
Members shall lose their membership upon expiration, or written notice from the Association, after it has been determined that they have failed to renew their membership, or as otherwise determined by the Board. A loss of membership may be appealed in writing within 90 days, addressed to the Executive Director, or any Board member, stating why membership should be reinstated. The Board of Directors shall act upon an appeal within 90 days of its receipt, and shall notify the appellant in writing of its decision within thirty days thereafter.

3. FISCAL POLICIES

3.1. Expenditures
The Executive Director shall report to the Board on the state of the budget at each in person Board meeting, and to the Treasurer monthly.

The USENIX attorney shall review all contracts that involve sums that are greater than $25,000.

The Executive Director or designee approves all expenditures. Functional managers authorize the expenses for their department. However, the Executive Director approves every expense over $20,000.

3.2. Accounts
USENIX will maintain two separate sets of accounts: one for annual operating funds and another for long-term reserve funds. The division of USENIX monies into operating expenses and reserve funds is intended to facilitate budgeting and monitoring the status of this effort to increase reserves.
The operating funds are invested according to the fiscal policy described in the Investments and Deposits section below. The management and guidelines for the two sets of accounts are specified in this section and are intended to reflect their different purposes.

For the operating funds, the controls are intended to facilitate Staff efforts to efficiently manage the Association. The liquidity of these monies is essential to the functioning of the Association and, while the safety of the principal is important, the yield is less so.

For the reserve funds, the controls are intended to emphasize the role of these monies as the savings of the Association and to highlight any need to dip into these savings. The yield of these investments is important but is limited by the conservative guidelines described below; liquidity is less crucial as the funds should not be used to cover any operating expenses except in time of disaster.

The Treasurer and the Executive Director together shall have the authority to close old accounts and open new accounts. The movement of all monies shall follow the restrictions specified below for simple movement between accounts and for expenditures. If any of the individuals specified below cannot perform their duties or are unavailable for medical or foreign travel reasons, then any other officer of the Board of Directors is authorized to act in their stead.

The Board of Directors shall approve the selection of an independent certified public accounting firm to perform an annual review of the complete financial books and records of the organization in conformity with standards established by the AICPA. Under the AICPA standards, this firm may provide consulting or other services during the year, but may not maintain the basic books and records of the organization. During the year, the USENIX Office shall maintain a general ledger on a monthly basis and shall produce accrual based financial statements encompassing all financial activity of the organization, including branch offices.

3.2.1. The Operating Funds

The operating funds of the Association are divided across checking accounts and temporary investment accounts. Any and all monies may be freely moved among any of the operating funds accounts held under the name of the USENIX Office, and from any of these accounts into the reserve fund accounts held under the name of the USENIX Office. Expenditures shall be made from the checking accounts. At the beginning of any quarter, the operating fund accounts should have monies to cover the G&A and personnel costs and reasonable estimates of pre-Conference costs for the quarter. The Executive Director, Finance Manager, and Treasurer will use conservative estimates so as to assure that sufficient funds are available. This work has always been a part of the selection of the Association’s various investments.

The monies in all checking accounts will be held below the limit insured by the FDIC by moving funds into any of the temporary investment accounts when necessary. The maximum amount permitted in a given checking account should track any changes to the amount insured by the FDIC so as to remain below that maximum. Checking accounts which serve as petty cash accounts will be held below $6000 at all times.

All checking and temporary investment accounts will be maintained and controlled by the individuals filling the positions specified below and, while there should be no restrictions on moving monies among these accounts, expenditures in excess of $75,000 shall require two signatures.

On these accounts, the Executive Director, the Conference Manager, and any current member of the Board of Directors are authorized to appear on the Banks’ signature cards. When one signature is required on any operating fund account, either the Executive Director or the Conference Manager can sign. When one signature is required on any petty cash checking account, any employee designated by the Executive Director can sign. When two signatures are required on any of these accounts, the Executive Director together with the Conference Manager, or either Staff member with any current member of the Board of Directors who is authorized to sign on the account.

Checking accounts:

- USENIX Office accounts (managed by Executive Director)

  All expenditures shall be made from the checking accounts. Two signatures are required for expenditures over $75,000. Multiple checks should never be written at one time to a single payee in order to avoid the multiple signature requirement.
Temporary investment accounts:
  • USENIX Office accounts (managed by Executive Director)

All monies shall be invested according to the fiscal policy described in the Investments and Deposits section below. Monies deposited into these investment accounts may be transferred by the authorized Staff member as necessary and convenient into any of the checking accounts held under the name of USENIX within the maximum insured by the FDIC.

3.2.2. Reserve Fund Policy

The Reserve Fund is a clearly segregated, professionally managed investment account. These monies have been set aside over the years from donations and operating excesses in good times, to serve as a reserve for the Association in tough economic times, and when unforeseen circumstances occur.

It is the Board's intention to add to the Reserve annually whenever possible. The Board also may choose to draw on the Reserve to subsidize the operating budget when times are lean, and it is difficult to otherwise balance the operating budget. As part of the budget approval process, the Executive Director shall make a recommendation to be approved by the Board, to either appropriate funds from the Reserve, or plan to add to it.

It is not the intention of the board to allow the Reserve Fund to grow without bound. Should the fund grow beyond a size deemed by the Board to be prudent for stabilizing ongoing operations and providing security for the Association, the Board will endeavor to use excessive surplus to support and nurture activities consistent with the goals of the Association.

In addition, there are substantial funds designated as Operating Funds. These funds provide working capital to the operations of the Association. Since these funds must carry the Association’s activities comfortably through their heaviest working capital needs, the level of cash needed will depend heavily upon the conference schedule for the upcoming year and the size of the cash flow swings. If the Operating Fund requirements change, the Executive Director may ask the Board to allocate funds to or from the Reserve, on a temporary or permanent basis.

Should an emergency arise requiring an immediate transfer of money from the Reserve fund to the Operating Funds, beyond that in an authorized budget, the Executive Director shall convene a meeting of the Board of Directors, either in person, telephonically, or via electronic mail to approve the transfer. If, after due diligence, such a meeting cannot be convened in the necessary amount of time, the Executive Director and Treasurer, after consulting with all available Board members in whatever manner is feasible, are jointly authorized to transfer the funds. In any case, any such transfer shall be immediately communicated to the Board and a report on the current fiscal status of the Association shall be communicated to the Board as soon as practical but in any event no later than the next Board meeting.

3.3. Investments and Deposits

It is the policy of the USENIX Association

1. To obtain the maximum prudent return on funds while ensuring protection of invested cash. USENIX investments must not be designed for speculation; however, it is recognized that all investments carry with them some degree of risk, and

2. To ensure that USENIX has adequate cash-on-hand to meet operating expenses.

3.3.1. Operating Funds Investments

Operating funds may be invested in any of the following:
  • Federally insured certificates of deposit, federally insured savings accounts, and money market funds that invest in United States Government securities that are backed by the full faith and credit of the United States Government;
  • United States Treasury Bills and Notes and United States Government Securities that are backed by the full faith and credit of the United States Government;
  • AAA rated bonds and United States Government guaranteed mutual funds;
• Federally insured interest-bearing checking accounts; and
• Funds trading in only these investments and regulated by the Securities and Exchange Commission

3.3.2. Investment Policy
Objectives for the Fund are:
• To maximize return within reasonable and prudent levels of risk.
• To provide exposure to a wide range of investment opportunities in various markets while limiting risk exposure through prudent diversification.

The investment guidelines are based upon an investment horizon of greater than five years; therefore cyclical fluctuations should be viewed with appropriate perspective.

Short-term liquidity requirements are anticipated to be minimal. The Association’s spending policy indicates that 5% of the principal balance is to be distributed annually for funding “good works” when USENIX’s annual revenues exceed expenses. The Reserve fund also serves as the “safety net” of the Association, and assets kept in shorter term fixed income investments are intended to provide this function.

USENIX recognizes and acknowledges that some risk must be assumed in order to achieve long-term investment objectives.

In general, USENIX would like the assets to earn a targeted return which exceeds the spending plan of 5% and which allows the reserve fund to grow at a moderate rate, with the intention of keeping up with inflation and growth in membership. It is the goal of the Association to invest the “safety-net” portion of the reserve fund in a conservative way that emphasizes capital conservation. The balance of the fund may be invested in more aggressive investment vehicles.

The Executive Director and the Treasurer shall set the goals and investment guidelines for the money managers based on their judgment of the needed “safety net” and the growth of the organization.

The desired investment objective is a long-term rate of return on assets that is superior to the performance of the Standard & Poor 500 Index for the equity portion of the portfolio, measured over a full market cycle of 5 to 7 years. The fixed income portfolio should be measured against an appropriate comparative index. The results should always be measured on a net of fee basis.

3.3.3. Securities Guidelines
The following are provided as general guidelines:

Equity Position: As a result of evaluation and guidance that concluded with a reduction in the Equity portion of portfolio to further preserve capital and limit risk, while allowing reasonable growth through prudent investment vehicles domestically and abroad.

Fixed Income Position: To further capital preservation and provide moderate income into portfolio it is concluded that an increase into the Fixed Income position shall be increased to a level to achieve desired long-term investment objectives.

**Equity Securities** – Target 40-60% of portfolio (%’s to be determined by the Executive Director and Treasurer)*

Equity holdings in any one company should not exceed more than 5% of the market value of the Reserve Fund. Not more than 20% of the market value of the portfolio should be invested in any one economic sector.

• Domestic Equity (Large) – Target Range 35-45% of Portfolio

Equity holdings shall consist of readily available marketable securities of corporations that are actively traded on the major U.S. exchanges, and markets and mutual funds consisting of such securities. The managers shall have the discretion to invest a portion of the assets in cash reserves when they deem appropriate. However, the managers will be evaluated against their peers on the performance of the total funds under their direct management. Holdings of individual securities shall be large enough for easy liquidation. Equities should be re-balanced at least annually.

• International Equity (Large) – Target Range 5-15% of Portfolio
To further take advantage of the greater globalization of the world and domestic economy and that more than 50% of the GWP is produced by non-U.S. countries it is concluded that to efficiently continue to maintain exposure to a wide range of investment opportunities in various markets while limiting risk exposure through prudent diversification that an exposure to international growth of non-domestic large companies is practical to the overall long term investment objective. The portfolio will consist of individual large foreign equity holdings that are traded on major foreign exchanges. The International equity securities shall be large capitalization companies.

*If the Managers deem necessary, during periods of high volatility and/or high risk markets the Reserve allocation may be temporarily reduced to 30%.

**Fixed Income Securities** – Target 40-55% of portfolio

Eligible investments include U.S. corporate fixed income securities, asset backed securities, non-U.S. fixed income securities, and cash equivalents. The core of this portion of the portfolio should be comprised of high quality corporate bonds and government securities with duration of less than five years.

All fixed income securities held in the portfolio shall have Moody’s Standard & Poor’s and/or Fitch’s credit quality rating of no less than BBB. U.S. Treasury and U.S. government agencies, which are unrated Securities, are qualified for inclusion in any portfolio. No more than 20% of the market value of the portfolio shall be rated less than single “A” quality, unless the manager has specific written authorization.

The exposure of the portfolio to any one company, other than securities of the U.S. Government or agencies, shall not exceed 5% of the market value of the portfolio. The exposure to one mutual fund shall not exceed 10% of the portfolio. Non-U.S. fixed income securities should not exceed 10% of the portfolio.

Years where withdrawals are significant to fund operating expenses, these funds should be invested in short term liquid fixed income investments. These amounts should be separated out from the above allocations guidelines. This will be reviewed based upon one-year projections of the Association.

### 4. REIMBURSEMENT FOR TRAVEL

USENIX will reimburse for reasonable travel expenses in accordance with customary business practices. Unless otherwise agreed upon in writing prior to travel, the following guidelines will be used for travel expense reimbursement.

1. **Air Travel:** USENIX requires that travel arrangements be made at least 21 days in advance of departure to take advantage of special discount fares. Air travel will only be reimbursed at the tourist or coach fare level for the most direct route on a scheduled airline.

2. **Ground Transportation:** Taxi or airport shuttle transportation will be reimbursed. Limousine transportation is not reimbursable, unless the rate is equal to or less than that of taxi or airport shuttle. Personal auto use will be reimbursed at the IRS statutory mileage rate of 56¢ per mile, up to the equivalent rate for air travel at the coach fare for the same itinerary. Tolls will also be reimbursed.

3. **Car Rentals:** Car rentals must have prior authorization. Reimbursement for car rentals will only be made after the original of the rental contract has been submitted USENIX.

4. **Hotel:** Your lodging at the conference hotel will be billed directly to the USENIX Association. Lodging not directly billed to USENIX will be reimbursed upon presentation of the *original* of the hotel bill.

5. **Meals:** Meal expenses will be reimbursed to a daily maximum in 2014 of $71, unless otherwise specified by USENIX. If you’ve dined with a group of people, you will need to get a separate receipt to submit to USENIX. Please identify what portion/amount of your meal receipts were for alcoholic beverages, if any.

    USENIX will not reimburse personal expenses, for example, hotel gift shop purchases, movies, laundry, sundries, and other similar expenses.

    USENIX reserves the right to deny reimbursement of expenses not supported by original receipts or that do not adhere to the above policies.
5. CONFERENCES

5.1. General Policies
Sales are permitted on the exhibit floor.

USENIX provides Internet connectivity for attendees at its conferences. Wireless networks are open and insecure, and we strongly recommend that all users encrypt their transmissions. Users are solely responsible for the security of their passwords and data. Illicit or intrusive use of the network, including packet sniffing, is expressly forbidden. Anyone who violates the policy will be given a verbal warning on the first offense, and banned from the conference on the second offense.

5.2. Selection of Program Chair
Selection of the program chairs will be made by the Executive Director, in consultation with previous program chairs, steering committee (where applicable), and the USENIX Board of Directors.

5.2. Tutorial Speaker Honoraria
USENIX recognizes the time and effort instructors put into crafting an excellent tutorial and presenting it, as well as that every instructor has a different employment situation. Thus USENIX offers honoraria to instructors who would appreciate and can accept such payments. Please see Appendix B for more details.

5.4. Fees
Please see Appendix C.

5.5. Vendor Display/Exhibits
Please see Appendix D.

5.6. Cancellation Policy for Registrants
Requests for refunds must be made in writing, and must be postmarked not later than seven days prior to the start of the meeting for which the refund is requested. If a registrant cannot attend, another person may be substituted. Substitution requests may be made by telephone.

5.7. Guidelines for “In Cooperation” Sponsors of USENIX Events
In-cooperation sponsorship of a USENIX event entails the following:

All publicity relating to this conference is to state that the event is sponsored by USENIX “in cooperation with [the organization].” USENIX will list the cooperating organization on all related marketing materials, including the conference Web site, direct mail pieces, and emails about the event, as well as all marketing exchange partner Web banners and Web and print advertisements.

The cooperating organization will promote the USENIX event on their Web site, online calendars, emails, blogs, and posting lists. Said promotions must be pre-approved by USENIX. Acceptable types of promotion include: banners and buttons, supplied by USENIX, on Web sites; short descriptions of the conference; announcements from the conference organizers. USENIX will provide the in-cooperation organization with a description of the conference, a Web banner and button that will point to the event’s Web site, and other materials they can use to promote the event as needed.

If requested, USENIX will supply a table at the event where the in-cooperation sponsor’s membership and publications information may be displayed.

There may be an arrangement concerning registration fees for the in-cooperation sponsor organization’s members.

6. MAILING LIST

6.1. Attendee Lists
Event attendees can contact a fellow attendee after the conference by emailing a request to conference@usenix.org, including BOTH the first and last names of the person you wish to contact as they
appear on the attendee list from the event. You will receive an email back giving that attendee’s email address.

6.2. **Postal Mailing Lists**

The USENIX Association's postal mailing list consists of members and related computing systems professionals who attend high-level technical conferences and workshops. These lists are made available for one-time usage only to carefully selected Media Partners, Sponsors, and organizations that are USENIX Supporters. USENIX reserves the right to reject an order at any time.

7. **EXECUTIVE POLICIES**

This section sets out policies of the Executive Director. As such, they may be modified at any time without Board approval.

7.1 **Personnel**

The Executive Director has the responsibility for hiring staff. In the case of lay-off or termination, the Executive Committee shall be informed.

Staff performance evaluations are conducted within the first 90 days of employment and annually thereafter.

The Executive Director will maintain a Personnel Policies and Benefits document. Changes to the benefits section may require Board approval.

7.2 **Disposition of Retired Assets**

Equipment that is obsolete or out of date will be retired from the Association’s list of assets and given to staff, other non-profits, or to a recycling service. Staff members who receive such items agree that the items received will not be offered for sale to a third party.

8. **DISCRIMINATION AND SEXUAL HARASSMENT POLICY**

The USENIX Association seeks to foster workplace and conference environments that are free from all aspects of prohibited discrimination and sexual harassment.

The Association takes all personnel actions without regard to age; ancestry or national origin; race or color; citizenship status; physical or mental disability; AIDS/HIV; gender; marital status; pregnancy, childbirth and related medical conditions; religion or creed; sexual orientation; genetic testing information; gender identity; medical condition; or political activities or affiliations. The Association prohibits actions by its employees, officers, directors, members and outside contractors which constitute discrimination based upon any of the aforementioned characteristics.

The Association prohibits sexual harassment by its employees, officers, directors, members, and outside contractors in any Association-related context, including the workplace and Association-sponsored conferences. Sexual harassment includes unwelcome conduct of a sexual nature by employees and others that have the purpose or effect of creating an offensive or hostile work environment. Requesting sexual favors in exchange for employment or other benefits or creating an environment in which harassment is so severe or pervasive as to create abusive work conditions is also prohibited. Sexual harassment may result from verbal, visual, or physical conduct. Repeated and unwelcome touching, leering, sexual comments, sexual jokes, and exhibition of sexual pictures are examples of the types of conduct that may constitute sexual harassment.

Any person who believes that he or she has been subject to unlawful discrimination or to sexual harassment of any kind should contact the Executive Director or the President of the Association. All complaints will be thoroughly investigated and, if warranted, disciplinary action will be taken up to and including the termination of employment or membership of any person violating this policy. The law prohibits retaliation against employees for reporting complaints of unlawful discrimination or sexual harassment.

Employees in California may also contact the California Department of Fair Employment and Housing (“DFEH”), which has responsibility for monitoring harassment in the workplace. The DFEH may seek an
administrative hearing before the California Fair Employment and Housing Commission (“FEHC”) or file a lawsuit in court. Both the FEHC and the courts have the authority to award damages to compensate employees for injuries incurred because of harassment. Information regarding how to contact the DFEH and the FEHC is posted in the workplace.

9. GIFT POLICY
No employee shall seek, directly or indirectly, anything of value in connection with any transaction or business of the USENIX Association. Any gifts or offers of entertainment of more than nominal value must be refused. Gifts of food (but not alcohol) from current suppliers of goods and services to the USENIX Association may be accepted at the Executive Director’s discretion, such food to be distributed among all the employees.

10. ONLINE PUBLICATIONS
10.1. Right to Withdraw Access
USENIX reserves the right to remove content and publications under its control from public access at any time for any reason. Occasionally, USENIX receives notices alleging that the content on its Web site, in its own publications, or in the papers and conference proceedings it publishes may infringe third party rights or may otherwise violate some law or regulation. USENIX does not usually take a position on the merits of these allegations. However, when this happens, USENIX will inform the authors of the allegations and may remove the identified content or publication from public access. USENIX may restore the material, at its discretion, when it deems appropriate. USENIX may also send the notice containing the allegations to Chilling Effects.

10.2. USENIX Blog
Authors who post to the USENIX blog retain ownership of the copyright of the content that they post. By publishing blog entries on the USENIX Web site, blog authors agree that (1) the post does not contain any defamatory or other unlawful content; (2) the post does not infringe upon the rights of others; (3) the contents of the post are original to the author; and (4) USENIX is fee to use the contents of your post for any purpose without any notification or compensation to the author. USENIX reserves the right to remove blog content from public access and to revoke the blog author’s permission to post to the USENIX blog at any time.

11. USENIX ELECTRONIC COMMUNICATIONS RETENTION POLICY
11.1. Purpose
To limit storage requirements and reduce the significant potential financial and legal hazards to which we may be exposed by keeping electronic communications indefinitely.

11.2. Scope
This policy is intended to reduce the volume of electronic communication retained that provides no value to the organization. Information required by law to be preserved is not governed by this policy. “Electronic Communication” is defined as email, instant messages, and other logged communication sent or received by USENIX employees and/or stored on USENIX equipment.

11.3. Policy
With exceptions noted below, electronic communications over two (2) years old will be deleted. Electronic communications meeting any of the following conditions should be retained until no longer relevant or required:

• Has operational value:
  * Administrative actions taken or planned
  * Reports and recommendations
  * Policies, procedures, guidelines, and templates
• Has legal or evidential value, i.e., is required by law to be kept
• Has fiscal value, i.e., is essential information concerning the financial transactions of the
organization
• Has historical significance, i.e., is of long-term value in documenting past events
• Has vital value, i.e., is critical for ensuring operational continuity after a disruption or disaster

Since email and instant messaging systems are not designed to be records-retention or document-management systems, email and instant messages that have lasting value should be moved to dedicated storage on our networked file system and/or printed and filed appropriately.

Encrypted exchange of electronic communications is discouraged except when exchanging sensitive information over an insecure channel. In those cases, the encrypted email should be destroyed as soon as the information within ceases to be useful.

In the case of email used for file transfer, unless the email contains other information that needs to be retained (see the guidelines above), the attachments should be saved to the appropriate file system and the email deleted.

USENIX retains backup of our data for two (2) years.

11.4 Enforcement
Accounts will be randomly audited for compliance.

12. SPECIAL INTEREST GROUP: LISA
LISA is a Special Interest Group of the USENIX Association. Its goal is to serve the system administration community by:

• establishing standards of professional excellence and recognizing those who attain them
• promoting activities that advance the state of the art or the community
• providing tools, information, and services to assist system administrators and their organizations
• offering conferences and training to enhance the technical and managerial capabilities of members

of the profession

LISA SIG is a class of membership within USENIX.

Appendix B: Tutorial Honoraria

Tutorial Speaker Honoraria
USENIX recognizes the time and effort instructors put into crafting an excellent tutorial and presenting it, as well as that every instructor has a different employment situation. Thus we offer honoraria to instructors who would appreciate and can accept such payments. The base schedule for honoraria payments is as follows:

-- $1000 per full-day tutorial
-- $500 per half-day tutorial
-- $250 per quarter-day “mini” tutorial

In appreciation of those instructors who extend their time at conferences to serve as a speaker as well, we offer higher honoraria.

Some employers do not allow instructors to accept honoraria. For this reason, honoraria will be paid upon request via the information Web form made available to instructors. Individual honoraria may vary by instructor.

In addition to honoraria, we offer instructors who both can and would like to accept a payment to include their materials on the USB drive that is distributed to attendees based on this schedule:

-- $300 per full-day tutorial
-- $150 per half-day tutorial
-- $75 per quarter-day “mini” tutorial

Bonuses for exceptional attendee evaluation responses and high attendance are also offered.

Appendix E: USENIX COMMITTEES & BOARD LIAISONS 6/19/14 *

Audit Committee: Arrasjid, Allman, Provos. Engages a firm to conduct the annual audit of USENIX financial statements and review of same.

Awards Committee <awardscom@usenix.org>: Brian Noble (Chair), Matt Simmons, Casey Henderson. Makes proposals about instituting awards to celebrate special achievements in the community. It also seeks nominations for and does subsequent selection of Flame, STUG, and LISA annual awards.

Executive Committee <execcom@usenix.org>: Noble, Arrasjid, Rowland, Opsahl. A subset of the Board that can make Board level decisions between meetings. The Executive Director may consult with this committee in cases of personnel termination and hiring of senior staff. Some members have signature on bank checking accounts. Usually the President and at least one member located in the SF Bay Area serve.

Nominating Committee: In the summer of the year preceding the election, the Board of Directors appoints someone to serve as chair. The chair will then put together a committee (all of whom agree that they will not run for office in that particular election).

CONFERENCES

Chief Academic Officer: Noble. Formed in June’12 to deal with any serious issues concerning the validity and authenticity of conference paper submissions.

Conference Liaisons: Each USENIX event has a USENIX liaison whose job is make sure that all that must be done to organize the event happens when it is supposed to. The liaison will be on the program chair’s email alias, will have a HotCRP account for the event, will report to the rest of the Board on the event’s progress, and will be expected to attend the event when at all possible.

Conference Steering Committees: Some conferences have these (e.g., FAST, NSDI, OSDI, HotSec) usually composed of USENIX Board liaison, Executive Director, recent and past chairs.

*Note: The Executive Director is the Staff Coordinator for each of the committees and is included on each mailing list.
