Errata Slip

In the paper "Not All Is Lost: Partial Recovery & Memorability in Self-Sovereign Digital Identity" by Sushanth Ambati, Dylan Jablonski, Charalampos Papachristou, Brian Pugliese, Jack Myers, and Nikolay Ivanov, *Rowan University* (Monday session, "Authentication & Credentials," pp. 61–79 of the Proceedings), the authors make the following correction to Figure 6.

Context: In Figure 6, the Lab visit 2 box in the bottom row of Group A and Group B was labeled incorrectly. Both read "Test Graphical/Learn BIP-39". Both should read "Test BIP-39/Learn Graphical," since those participants learned BIP-39 at Lab visit 1.
