

# **Lessons from 25 years in infra**

## **What's Changed, What Hasn't, and What's Next**

**Michał Gryko**

# It's all about the history

It just likes to repeat itself

# Meet Barnaba

# Good Old Times

First day of work

“That’s Siegfried and Crispin, this is your desk and here are the servers. Coffee is on the top shelf above the sink.”

# Good Old Times

My first sever

I'll call it Topaz

# Good Old Times

“We” vs “Them”

Who occupies the rest of the rooms on our floor?

# Good Old Times

“We” vs “Them”

## **SysAdmins:**

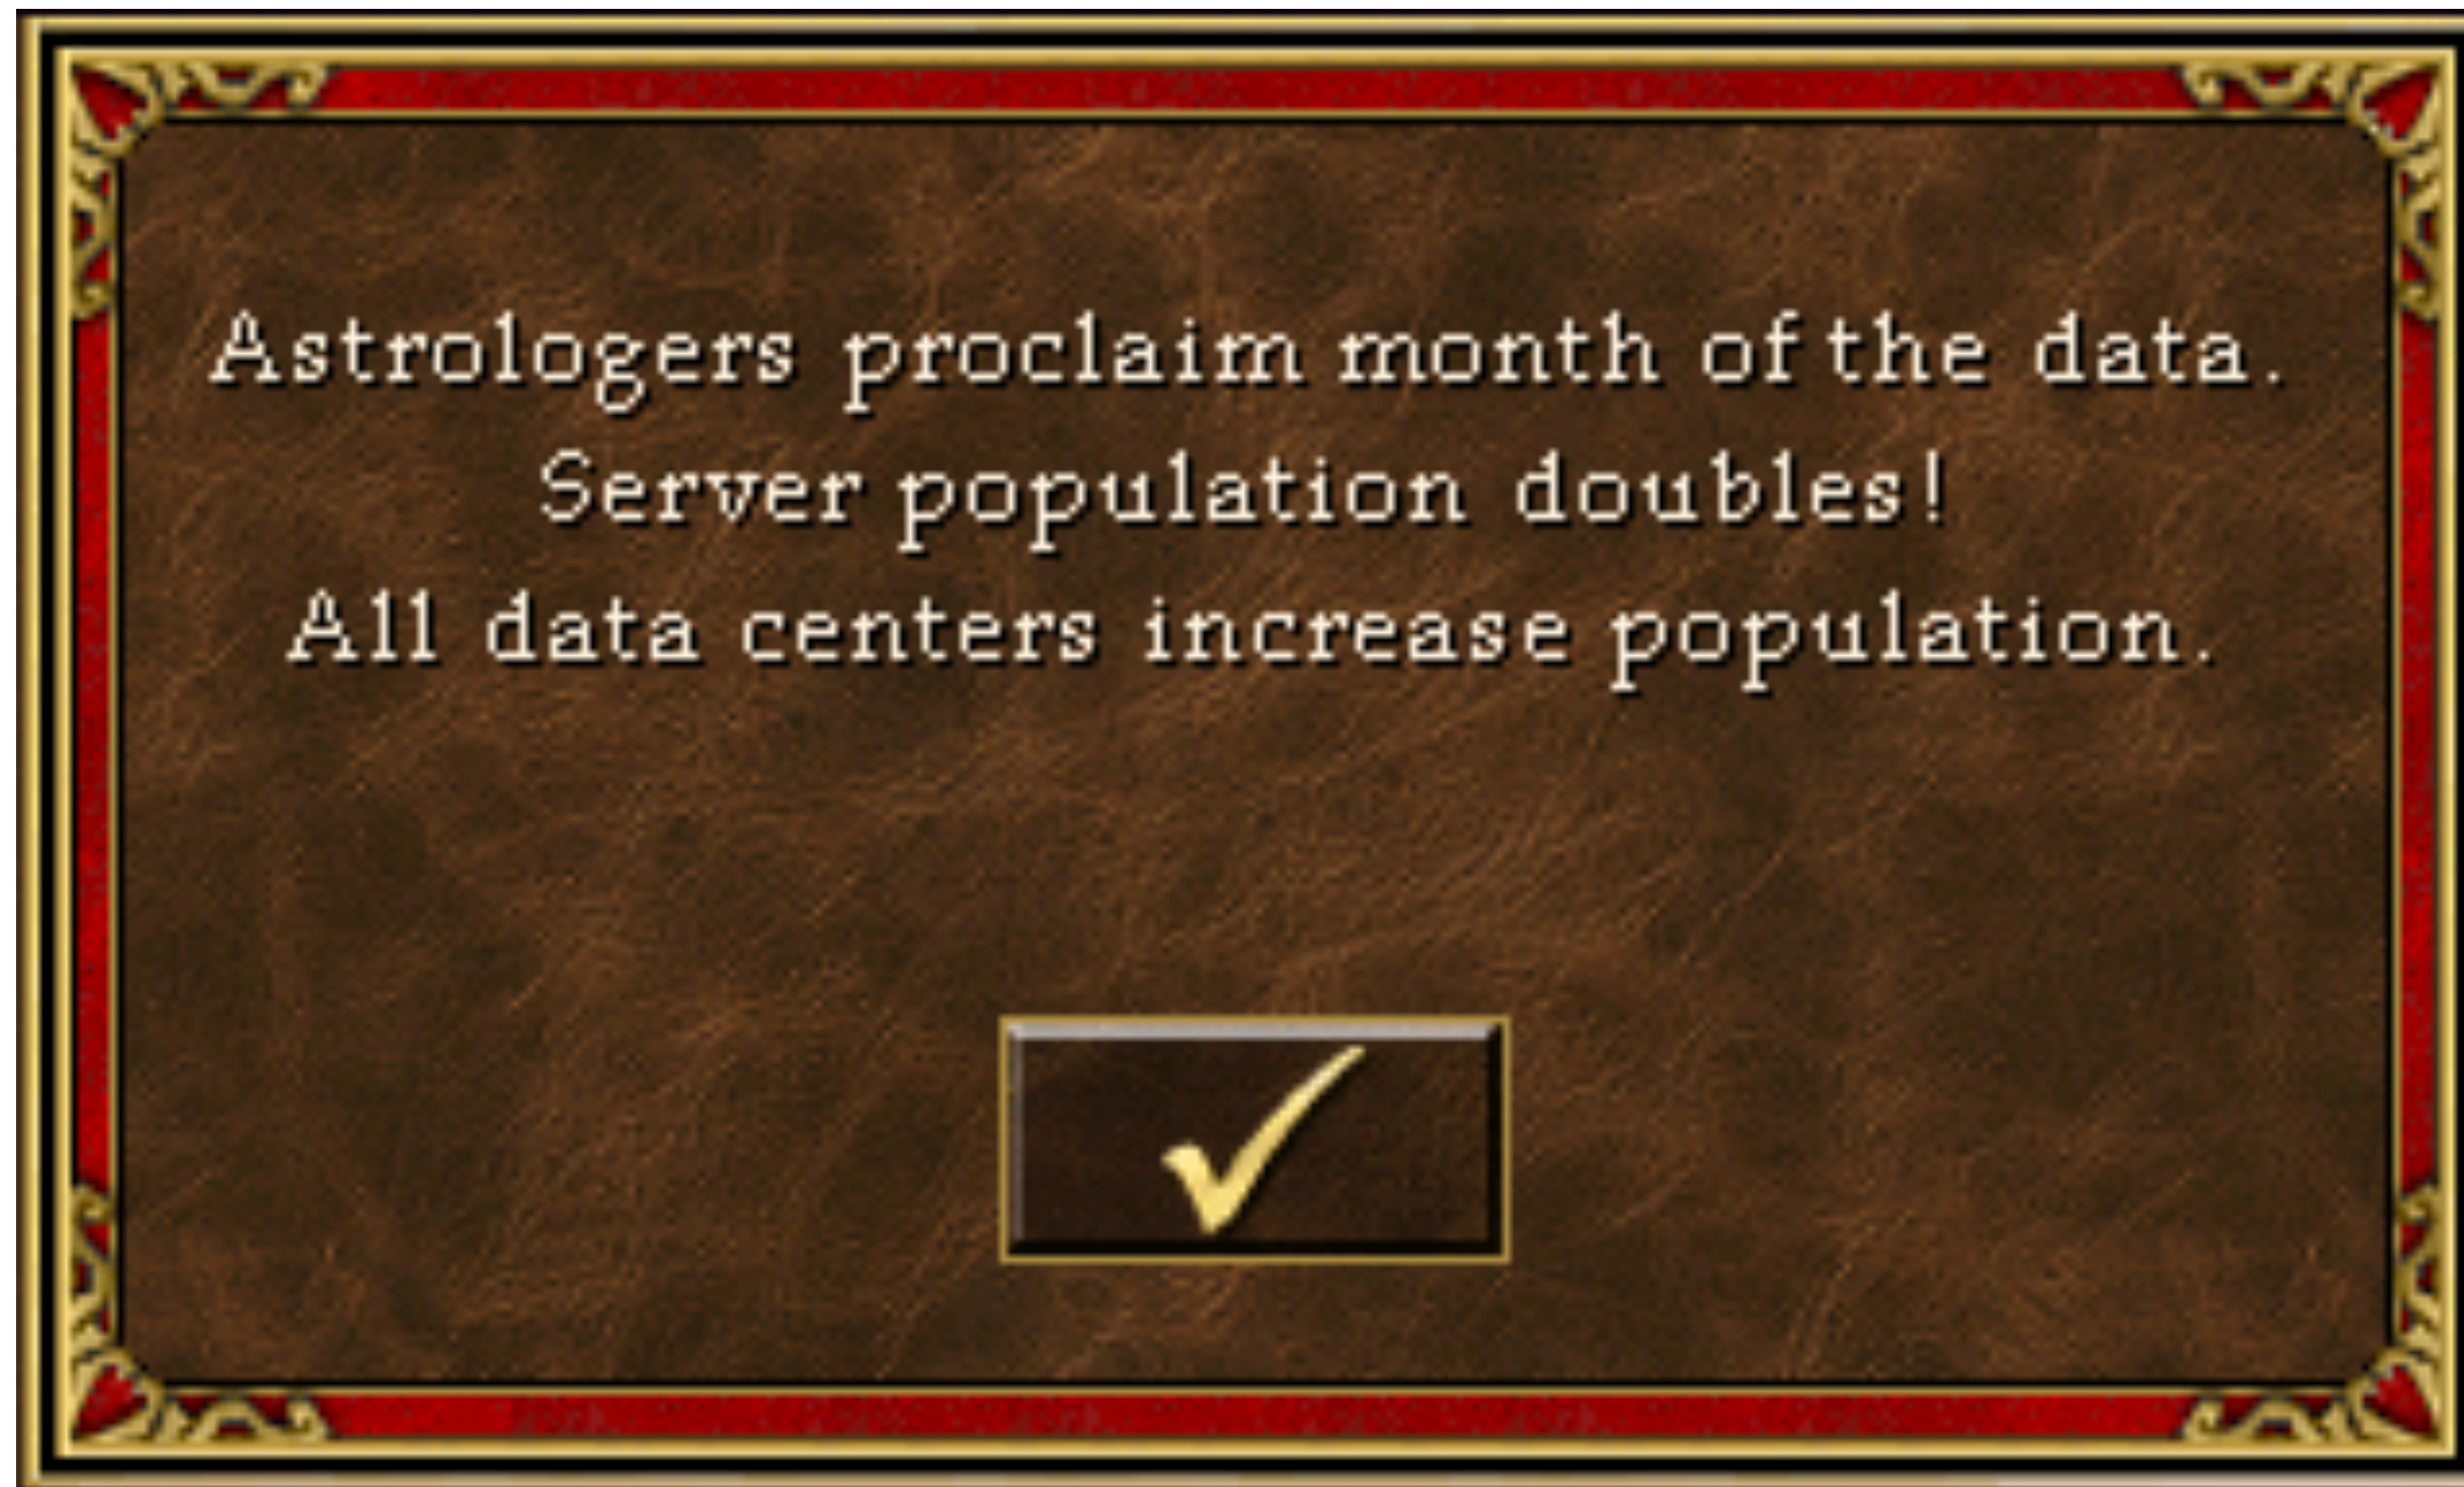

- Security
- Stability
- Performance

## **Developers:**

- Features
- New languages and frameworks
- “Morning on the blog, evening on production”

# First Signs Of Changes

This is not my server anymore

# First Changes

Maybe we don't need to fight after all.

DevOps and SRE

# First Changes

**Maybe we don't need to fight after all.**

New tools felt awesome

# The World Is Changing

Boy they grew so fast

The Jevons paradox

and

The Lewis-Mogridge position

# The World Is Changing

Boy they grew so fast

The Cloud

# The World Is Changing

Split again?

# What If?

## Platform Engineering

# Platform Engineering

IDP

“That’s only a form with a button. How complicated it could be?”

And other famous last words.

# Platform Engineering

IDP

So what this IDP actually do?

# What's Next

AI

All hail to our AI overlord

# Barnaba Today

# The End
